T.P. SURVIVAL GUIDE

A HAUNTED-BATHROOM VR GAME · NIGHT CITY®

RECOMMENDATION

Bathrooms can be scary. Find a friend to coach you through the experience with this guide.

CONTENT WARNING

This game requires body movement:

WALKING · SQUATTING · KNEELING

STAGE 1 — WARM-UP

1. You should see blocks on a table. Look for a poster on the wall with game controls.
2. You can grab the blocks. Try throwing them!

STAGE 2 — THE BATHROOM

3. Eventually a new screen will load. You should be in a small bathroom.
4. Your goal is to **pee in the toilet.**
5. Careful, it's one of ***those*** toilets where the lid can fall down while you're peeing.

   IF THE LID FALLS → open the lid back up and finish.
6. Now your goal is to **leave the bathroom.**
7. If you encounter something bad in the toilet, get rid of it the same way you normally get rid of things in toilets.

STAGE 3 — THE PORTAL

8. If you see a portal to a new world / outer space: **push your head through the portal.** You may have to kneel.
9. *Can you bring things through the portal?*

SEEKING A HIGH SCORE?

If you seek a high score, remember your bathroom etiquette. **This is a civilized world.**
